

December 2007.

The Toko A & P Show at Milton last Saturday 8<sup>th</sup> December was a cracker! In stark contrast to the wet and windy day on previous years. A fine summers day, blue sky, a typical country A & P show, plenty of farm animals & machinery, a good crowd and good food.

At our last meeting a special trophy was circulated after several members of this Car Club conceived an idea, put the idea to practice and produced a "Fiftieth Anniversary Trophy" for one of our members and his car.

This was presented at the Toko A & P Show in the car display area after a detailed and cunning plan was hatched by all concerned.

The local newspaper journo and photographer were on hand when the above named trophy was presented to Ian Clark and his 1957 Rover P4, with all the family present.

The car was first registered on the 20/12/1957 and apparently arrived for Ian on the 22/12/1957. The presentation was made almost 50 years to the day his ownership commenced and both are still going strong. Ian and the P4 led the Classic Cars for the Grand Parade. Congratulations Clark's, it takes more than one to make good things last.

Norman S.  
President.
